Dementia Essentials - What Every Family Needs to Know

Dementia requires a different way of planning, thinking, and feeling. This session is a first step in navigating the dementia journey. Krisie Barron, LSW will answer the questions you don't know how to ask. The session is for those who are newly diagnosed, for caregivers, and health professionals who want more information about guiding people to their next steps.

Understand what's happening in the dementia brain.

Learn new normals and expectations.

Put tools in your Caregiver Tool Box.

The session is offered quarterly, giving multiple options to join when the time is right for you and your family.
